**NOTICE OF CONCRETE PROJECT  
WASHINGTONIAN BOULEVARD & FIELD ROAD**

July 1, 2019

Dear Resident:

This letter is to inform you of the upcoming concrete improvement project in your neighborhood. This project aims to address a pedestrian safety issue at this location. The Montgomery County Department of Transportation's (MCDOT) Division of Highway Services (DHS) will be managing the project which will consist of the removal of a section of concrete curb and median. A new concrete curb and median will be installed at the same location. Minor asphalt repairs and resurfacing will take place near the construction site.

The work will be performed by Montgomery County crews. The county right-of-way near your residence may be disturbed by the planned project improvements. The nearby area will be backfilled and graded with topsoil, grass seed, and straw following the completion of the project as disturbed areas will be restored as appropriate.

MCDOT anticipates this project will take rough one week to complete, weather permitting. The work will necessitate temporary lane closures near the work site. Signage will be onsite alerting drivers to this change. Work hours are from 7 a.m. to 5 p.m. MCDOT apologizes for any inconvenience that this project may cause. Your patience and understanding are appreciated during this important construction activity. If you should have any questions or comments feel free to contact Mr. Josh Faust, Public Outreach Manager at 240-777-7642.

Should you have any general questions or concerns not related to this project, you may wish to contact MC311 at <http://www3.montgomerycountymd.gov/311/> or dial 3-1-1.

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

Chuck Haynes  
Depot Supervisor  
MCDOT

# NOTICE OF WASHINGTONIAN BOULEVARD CONCRETE PROJECT

**SAFETY NOTICE**

Please drive gently and safely through the work site and kindly remember that while repair work is underway, personnel and construction vehicles will be moving around the site. Some materials may be stored in the area. Please use caution when walking or driving through the construction zone. Children may be attracted to the noise and machinery, so we ask that you please keep all children under close supervision at all times, even after the work is completed for the day. Also, please follow the direction of flagmen and temporary signs and traffic control devices. We appreciate your patience and cooperation while we make these much-needed improvements to the infrastructure. *If, for some reason, you have a medical condition or another issue that may be impacted by the construction activities, please alert the Project Manager listed below or Josh Faust, Public Outreach Manager, at 240-777-7642.*
